

STOWE ELECTRIC DEPARTMENT

STREET LIGHTING LED RATE 31

AVAILABILITY:

Within the service territory of the Stowe Electric Department ('SED') for the purpose of SED owned, and customer owned street lighting utilizing LED fixtures.

TERMS:

Service will be provided to SED-owned and customer-owned LED street lighting fixtures under this tariff. Any customer-owned street lighting installed on or before 1/31/2023 will continue to be billed as such. Any customer-owned decorative lighting shall be metered and maintained by the customer. Sodium-vapor or mercury-vapor type lights installed prior to 01/31/2023 can remain on SED Rate 30 until light failure, light replacement, or a request to switch to LEDs, and that point these lights will be replaced with LED lighting.

Any street lighting that is not a metered portion of a load served by a different tariff and attached to SED poles or poles with SED electric service infrastructure will be treated as SED owned LED fixtures. At a customer's request SED may agree to assume ownership of any installed street lighting fixture any time after installation is complete. The monthly Customer Charge shall consist of a flat rate monthly fee for unmetered electricity and maintenance costs.

All installation, maintenance, relocation, and replacement of street lighting fixtures shall be performed by SED during normal working hours.

Relocation of an existing street lighting fixture, replacement of an existing street lighting fixture, installation of a new street lighting fixture, or conversion of an existing non-LED street lighting fixture to LED, including the costs of the lighting fixture, all poles, overhead or underground wiring, and all other such associated equipment, will be performed at the customer's expense. Customers receiving service under this tariff shall provide a payment in aid of installation equal to the cost to purchase and installation of each lighting fixture prior to SED's performance under this tariff.

The above rates are net, billed monthly, and due and payable upon presentation. Such other terms and conditions of the Stowe Electric Department, in effect from time to time, are incorporated into and made part of this rate.
