

TOWN OF STOWE ELECTRIC DEPARTMENT
Notice of Revised Energy Efficiency Charge for 2023

Since 2000, Vermont electric bills have included an Energy Efficiency Charge (EEC). Funds collected by the charge pay for energy efficiency services designed to save money by reducing Vermont's electricity needs. This notice contains the new EEC rates that take effect with bills rendered on or after February 1, 2023.

The EEC pays for an organization called Efficiency Vermont to provide energy efficiency services to most of the state. For more information, including technical advice, education, rebates and other financial incentives for homes, farms and businesses, contact Efficiency Vermont toll free at 1-888-921-5990 or at www.EfficiencyVermont.com.

Energy efficiency benefits Vermont in two ways: first, using less electricity lowers the bills of individuals who take steps to reduce their power use; second, and more importantly, when statewide use goes down, it reduces electric utilities' *total* system costs, which would otherwise be paid by all electric customers through rates.

For the customers of the Town of Stowe Electric Department, effective on February 2023 bills, the EEC rates will be as follows for all customers:
