### NOTICE OF PROPOSED RATE CHANGES

The Town of Stowe Electric Department (“SED”) has recently filed for a proposed 7.9% rate increase with the Vermont Public Utility Commission (“Commission”), case # 18-2372-TF. The overall increase in rates for SED is due largely to increased costs to supply and distribute energy to consumers. The proposed rates will apply to electric service rendered as of August 15, 2018.

To determine the impact on your individual bill, use the proposed rate column and your average monthly consumption. For example, a residential customer using 600 kWh would calculate their bill as follows:

	<i>Present Rates</i>		<i>Proposed Rates to take effect on August 15, 2018</i>	
<i>Customer Charge</i>		\$13.96		\$15.06
<i>NYPA</i>	76 x \$0.0783	\$5.95	76 x \$0.0845	\$6.42
<i>kWh</i>	524 x \$0.1611	\$84.42	524 x \$0.1738	\$91.07
<i>Total Bill</i>		\$104.33		\$112.55

Although the Commission must approve SED’s rates, it does not have the authority to suspend this rate request. If the Commission decides not to open a formal investigation, the rates will take effect August 15, 2018, on a permanent basis. However, if it appears to the Commission that the rates may be unreasonable, the Commission may order a formal investigation and hearing on the proposed rate changes. If the Commission reduces SED’s proposed rates after an investigation, SED will provide you with a refund of charges collected by SED to the extent that they exceed the final rate determined by the Commission. Any person wishing to comment on the proposed rate change should file his or her views in writing the Public Utility Commission via mail at 112 State Street, Montpelier, VT 05620-2701, or through ePUC at <https://epuc.vermont.gov> by searching for case number 18-2372-TF and selecting action “Add Public Comment.” Any comments to the Commission should be filed by July 30, 2018.

Any interested person may examine the tariff filing at the office of the Public Utility Commission or at the Town of Stowe Electric Department offices during normal business hours. They can also be viewed on the SED website at [www.stoweelectric.com](http://www.stoweelectric.com) or in ePUC at <https://epuc.vermont.gov> by searching for case number 18-2372-TF. Any questions can be directed to Town of Stowe Electric Department, 56 Old Farm Road, Stowe, VT 05672, or via email to [stowe\\_electric@stoweelectric.com](mailto:stowe_electric@stoweelectric.com). They can also be directed to the Vermont Public Utility Commission, 112 State Street, Montpelier, VT 05620-2701, or via email to [puc.clerk@vermont.gov](mailto:puc.clerk@vermont.gov).
